PROFILE

Hello, my name is Paige. Much of what I have learned has been through hands-on learning. I design with the same mentality, approaching everything with a new eye and never settling. I am open to learning and collaborating with a team, and I enjoy bouncing ideas off one another. With my qualifications and knowledge, I know I am up for the challenge. I bring a fresh eye, with the skills to back it up, and I have what is needed to accomplish and exceed milestones. I would love the opportunity to show you my skills first-hand.
